Our role as a leading provider of healthcare and economic support for our neighbors is driven by our mission of Making Communities Healthier®. We are privileged to call this vital community home and proud to be part of a national diversified healthcare delivery network that allows us to continue to enhance how we care for those we serve.

The support of LifePoint Health and community partners like you help us to advance our mission and create places where people choose to come for healthcare, physicians want to practice and employees want to work. Thank you.

— Scott Smith, Market President

## In 2021, we...

...added seven employed providers

**Inviting the best possible providers** into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in cardiology – including cardiac electrophysiology – as well as primary care, pulmonology and gastroenterology.

...made nearly \$2 million in capital improvements

**By continually investing in our facilities,** we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included a robotic orthopedic surgery assistant and the community's first cardiac electrophysiology lab.

...distributed a payroll of \$58,855,315 to more than 670 employees

**We strive to create an environment** where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$32.3 million in services to those in need

**Delivering care to all of our neighbors,** regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$5,893,060 in taxes

**We are proud to be a leader in our region,** and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

**SPONSORSHIPS AND DONATIONS**

It was our pleasure to be able to support the following activities and organizations during the past year:

- American Heart Association
- Cooper-Anthony Child Advocacy Center
